Foreword

The *Asian Journal of Quality of Life* (AjQoL), is an international and interdisciplinary Open Access Journal. It publicises online both conceptual and empirical research findings pertaining to quality of life issues affecting Asian communities living in Asia and non-Asian countries. Related studies that involve other communities shall also be considered for publications.

Articles published are sourced from condensed and retitled, among the best full papers, internationally double-blind, peer-reviewed presented at serial international conferences held worldwide since 2010, namely, the *AicQoL* (AMER International Conference on Quality of Life) held in ASEAN countries,, and *AQoL* (ABRA International Conference on Quality of Life) held in non-ASEAN countries (except Malaysia). There are no processing and publication fees for those successful articles to be published.

Those conferences are jointly organised by AMER (Association of Malaysian Environment-Behaviour Researchers); ABRA (Association of Behavioural Researchers on Asians); and the cE-Bs (Centre for Environment-Behaviour Studies), Faculty of Architecture, Planning & Surveying, Universiti Teknologi MARA, Malaysia. International institutions co-hosted the conferences.

Currently, the Editorial Board (Advisory/Reviewer) Members comprises of 69 academicians represented from 17 countries worldwide, namely, Australia, Bahrain, Cyprus, Egypt, Hong Kong, India, Indonesia, Iran, Japan, Malaysia, Nigeria, North Cyprus, Taiwan, Thailand, Turkey, U.K, and U.S.A.

The AjQoL shall be published online quarterly, and freely accessible at the web link below. All articles published are with the Doi and Crossmark Reference.
